

MERRY CHRISTMAS

COUNTRY CLUB HILLS CIVIC ASSOCIATION

DECEMBER 17, 1968

INCREASE IN SEWER CHARGES

On behalf of the Civic Association, Treas. Kellogg presented a petition in protest to the increased sewer tax assessment at the last Town Council Meeting.

The Town Manager of Fairfax, Mr. Saunders, advised Treas. Kellogg that he would be willing to address the Association and explain all facets relating to the sewer proposal. Mr. Saunders will be invited to appear at the next regular Civic Association meeting on January 22, 1969. You will receive further notice.

CLEAN UP

A great deal of work was done by a relatively few people on this project. These were the people who collected money, arranged for and supervised the actual work. Our energetic Treas. Tony Kellogg sparked the whole effort and was greatly assisted by Frank Griffiths (who arranged for the dozer work), Wes Tilton, Bill Purple, Walt Kennedy, Steve Langford, Harold Hedges, Stuart Pettingill, Bob Oremland, and Hank Koski. Many thanks to these people and all others who helped with their time and/or money. A small amount of finishing work remains to be done. Stuart Pettingill, Bob Oremland and Hank Koski will be looking for volunteers to assist when the freeze is over.

VANDALISM

We have been advised that due to some vandalism on the ~~upper~~ property (the farm) the police have been notified and are patrolling this property.
