How has summer gone already? Hope all our neighbors in Country Club Hills enjoyed all the fun things summer has to offer like vacations, the pool, backyard cookouts, and spending time in our lovely gardens. Our annual Labor Day picnic was very well attended with lots of good food, a new bouncy castle, and a cotton candy machine. Though, as hot as it was, we're thinking that next year we might get a bouncy castle that has water piped in to keep all the kids cool as they play. And maybe a separate one for smaller children.

In the last newsletter, I wrote about plans to possibly add playground equipment at The Commons. We viewed a couple of options provided by Fairfax City at our quarterly board meeting on 26 Sept and reviewed comments for and against that I received from neighbors. We also had a representative of the garden club, Betty Russell, speak. Based on all of this input, we've decided that a normal playground set with swings, etc. will probably not work. However, since we received many positive responses from our neighbors with young families, we're now considering something aimed at the under 5 age group since there is so much available at Van

Dyck Park for older children. We will be looking at equipment that blends in rather than bright colors. And possibly helps young children learn about the environment around them.

Once we have provided input to Fairfax Parks and Recreation, they will come up with some plans and we'll be able to review them and ask for input from CCH before making a final decision. Other changes going on include guttering on our pavilion with a downspout to the rain barrel to help water the garden, a locking shed nearby for all of our party supplies, and possibly having electricity at the pavilion. Our entrance signs at Brookwood and Old Post Road have been repaired; they had suffered damage due to snow plows.

Hope you all enjoy the upcoming fall season. I know that I'm happy the temperatures are cooling down some so I can get out and rake all those leaves coming down.

Do You Know Your Block Captain?

Terry Stephens (3409 Park Hill Place)

Route 4G (10111, 10113, 10115, 10117, 10119, 10121, 10123, 10125, 10133, 10135 Spring Lake Terrace)

Terry and her ex-husband moved into the neighborhood from a very busy area in Falls Church in 1999 because they had decided to start a family and fell in love with the quiet, peaceful area full of beautiful dogwood trees and cared for lawns and the schools and churches so close by. The owners of their home reminisced with the Stephens about living here in an awe inspiring, personal way. And they were able to meet the original owners a few years later and learn more about the history of their home.

Terry's children Parker (17) and Madalyn (15) were both born here and are now students at Fairfax High School. They've participated in soccer, scouting, theatre, and marching band. Lots of animals have passed through their home including hamsters, mice, guinea pigs, fish, hermit crabs, injured birds, butterflies, a turtle, and a snake who followed them home while delivering CCH newsletters. Currently they have a Dwarf Hotot Rabbit whose name is Senor Slippers.

Terry has a daycare in her home called Affordable In-Home Daycare, LLC where she enjoys sharing all the great things about the neighborhood with other young

children that she shared with her own.

Terry and her children became Block Captains in 2005. She feels like being a Block Captain is like being a neighborhood ambassador. They would see people house hunting and tell them about our neighborhood, the schools, and the association and its benefits. They love living here.

Terry has all sorts of memories. Just walking to Daniels Run every day for years in all sorts of weather and with all sorts of neighborhood friends is enough to give you material that would fill a book. Like the time a big friendly dog walked to school with them on a hot summer day which left all the kids with drool running down their legs and dripping off of their hands and smelling to high heaven and the kindness of the Crossing Guards when they pretended not to notice. Walking to soccer practice and football games and all of those great snowfalls when we would leave Daniels Run, change into snow gear in the car and spend the rest of the afternoon on the hills at Van Dyck Park. Not to mention the fireworks, parades, power outages and all of those other events that would draw the neighbors outside – it doesn't get any better than that! Why? Because we are *Country Club Hills* and *together* we make everything *better!*

Thank you, Terry, for all your years of service to the neighborhood!

September 2017 Beauty Spot of the Month

Congratulations to the Whetzels who live at 3406 Park Hill Place! During September the CHGC sign for the Beauty Spot of the Month will spotlight their creative use of their front yard. By putting their imaginations and green thumbs to work, Jay and Lisa have converted their lawn area into a bountiful garden supplying their dining table with homegrown fruits and vegetables.

The Whetzels step into their garden paradise from their front door. Heavenly bamboo, Autumn Joy sedum, crepe myrtle, barberry, impatiens, and a Japanese maple tree add bursts of red, pink, and white around the stone patio that opens to the broad front yard. Along the slope to the left, lily turf lends its purple blossoms and pointed leaves as a fringed edging under lofty hardwoods and large evergreens. An unexpected sight in the middle of the lawn is a micro-orchard containing apple, plum, pear, peach, and cherry trees. Small bushes for figs, berries, and grapes line the parkway. Right of the driveway, a sun-drenched garden plot spreads out to the corners of the yard. During this summer, continuous blooms from daisies, zinnias, roses, and sunflowers attracted pollinators, as well as decorated rows of vegetable plants. Plentiful amounts of beans, corn, okra, squash, tomatoes, and peppers were picked at the peak of the season. Now that autumn is approaching, the Whetzels have cleared spent vines, pruned branches, and pulled weeds to make way for a fall harvest. The new season will bring tasty additions to their cornucopia when cooler temperatures foster new growth from rosemary, basil, collards, kale, Swiss chard, and Brussels sprouts. Home orchards and vegetable gardens require planning and hard work, but the time and effort yield great rewards. Imagine preparing nutritious meals from an amazing selection of fresh produce conveniently growing just steps from the kitchen! This September the Whetzels will savor the fruits of their labor in crisp salads, tasty main dishes, and delicious desserts!

October 2017 Beauty Spot of the Month

Congratulations to our neighbors, Olivia and Bill Alsbrooks of 3416 Country Hill Drive. They are the October 2017 Beauty Spot recipients. We have watched this yard for several years and are impressed by its beautiful, thoughtful landscaping. Repetition of pattern and texture, through plantings such as Japanese maple, rose bushes, nandina, lirioppe, and ajuga as groundcover, as well as the use of ornamental species, provides symmetry and adds uniqueness.

The bed in the center of the front yard sets the stage, with the spikiness and draping of weeping Norway spruce juxtaposed with lush dense leafage of euphorbia and ornamental grass that stands upright, swaying in the breeze. To the left of the driveway, the crepe myrtle, with its wonderful mottled limbs, harbors a Japanese maple in the understory, and rich, deep green, almost purple, patches of ajuga create a thick carpet of groundcover. To the right of the driveway, another Japanese maple anchors the bed, surrounded by leafy lirioppe, Nandina with bright red berries, and rose bushes. There are beds that run along the whole front of the house. Again Japanese maple, more rose bushes, dogwood, and nandina, and here, juniper ground cover, maintain the symmetry and accentuate the striking river birch, with its shredded papery bark, anchoring the far corner of the bed.

The beds bordering the walkway to the front porch have a variety of plantings: variegated japonica, globe-shaped boxwoods, pine, nandina, and ajuga. Around the corner of the house, leading to the back yard, a conical shaped boxwood stands at attention with purple geranium, leading you to the arbor covered with wisteria. The landscaping is enhanced by various garden ornaments interspersed throughout the beds, and assorted potted plants remind us of the beautiful colors of autumn. Do stop by and take a look. We are sure it will inspire you with ideas for your own yard to take it from ordinary to extraordinary!

Respectfully submitted,
Jennifer Judelsohn, CHGC Beauty Spot Committee Member

Lock Your Car

Leaving your doors and windows unlocked is just what a thief is looking for and makes it easy to steal your property or your car.

Even if you are leaving your car for "just a minute," lock it. A minute is all a thief needs to walk away with your valuables.

Take Your Keys

Take your keys with you. Don't give a thief the opportunity to steal your car. Don't be tempted to hide a spare key in or around the car, and take the valet key out of your car.

Thieves know all the tricks and hiding places.

Hide Your Valuables

"Out of Sight, Out of Mind" and "Better Safe than Sorry" is good cautionary advice.

Leaving valuables in plain sight only tempts a thief looking for the next victim.

Don't leave items such as GPS units, cell phones, cameras, MP3 players, laptop computers, purses, wallets and other valuables in your car.

If you must leave valuables in your car, such as when you're traveling, make sure things are hidden **before** you get to your destination. After all, it doesn't do much good to hide your valuables if the thief watches you and then waits for you to leave your car before breaking in.

It sounds simple, but you really can fight crime every day just by locking your car, taking your keys, and hiding your valuables.

It will make the City of Fairfax an even better and safer community and it may save you a lot of time, aggravation and money.

The best way to fight crime is to prevent it from happening in the first place.

Don't become a victim!

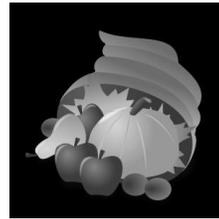

If you see suspicious activity, report it immediately to police at (703) 385-7924.

COMMUNITY APPEARANCE

We have a wonderful stream coursing along our neighborhood, which you can enjoy from the Spring Lake Terrace path bridge or by following the woodsy paths at the common area. Our CCH stream is part of the Accotink Creek that winds its way down to Lake Accotink and eventually flows out to the Potomac River. When I was a kid we liked to make rafts out of twigs and grass blades and send them down the "river" of water in the street gutter that flowed during rainstorms. Maybe those rafts made it to the Potomac! Today, unfortunately lots of trash and debris enter the creek via the storm sewer system. In CCH the Civic Association hosts a stream clean up once or twice a year to reduce the amount of litter in the creek, and volunteers with Friends of Accotink Creek diligently tackle clean ups all along the tributaries of the Accotink in the spring and fall. But we can do our part every day by making sure that trash goes in the trash and that nothing manmade gets into the storm sewer inlets. In fact, something as ubiquitous as cigarette butts may be small but they are lethal. The butt of the cigarette contains all the harmful toxins that the filters are keeping out of the smokers' lungs - once in the stream many of those toxins simply, and fatally, leach into the water, and even the filters are not biodegradable these days and end up in the intestines and stomachs of aquatic animals. So not only is keeping our neighborhood trash-free aesthetically desirable but it is a simple way to protect our creek and its many inhabitants!
