

The Beauty Spot for July has been awarded to Charlene MacVicar and Kathleen Miller of 10006 Boxford Ct. As we admire large clumps of airy lavender and white perennials against a pale yellow house, we are reminded of English country gardens -- what are the odds of finding softly swaying flowers on a 96 degree day in the South?

Along the house front, gently moving triplet bushes pick up a slight breeze which seems to have been sent for our visit. Deep green, neatly trimmed lawn, like- new driveway, everything is fresh and sparkling. What a lovely place! Congratulations to Charlene and Kathleen for their hard work and devotion.
